To whom it may concern,

I have been working with Greg Leeder since 1997. The range of work that Greg has done for my clients and the work that we have done through design and construct projects ranges up to double storey house developments. Within our projects our clients have ranged from 200k up to 5 million.

Greg is multi-disciplined in many areas of the building trade and has a great rapport with his clients. His ability to communicate with clients, subcontractors and my office minimises any issues during the construction phase. I find with Greg's ability to cost and schedule his projects makes his supervision process simple.

Some of the sample work that Greg Leeder has accomplished are:

Christian Family Church – 5 million

B & L Gardiner Residence, Middleton Beach – 1.5 million, Designed & Project Managed by CBD.

Dawson & Bhar Residence – 1.35 million, Designed & Project Managed by CBD

Albany Wave Apartments – 2.75 million, Designed & Project Managed by CBD.

I believe Greg will be one of very few builders who take an interest in all fields of building.
